Original Product Type Certificate Number: 4A26

Make BOEING

Model 707-300B, -300C

Description of Type Design Change

Modification of the aircraft by installation of Noise Reduction Nacelles in accordance with Quiet Skies' Master Drawing List No. 707-30000, Revision "L" dated October 8, 1998, or later FAA approved revision. FAA approved Airplane Flight Manual Supplements 707-TM-404 and 707-TM-405 are required as a part of this installation.

Limitations and Conditions: This approval of this change in type design applies to the above-listed aircraft models only. This approval should not be extended to aircraft of these models that incorporate any other previously approved modifications unless it is determined that the interrelationship between this change and any other modification will introduce no adverse effects on the airworthiness of these aircraft. A copy of this STC must be included in the permanent records of the modified aircraft. If the holder agrees to permit another person to use this certificate to alter the product, the holder shall give the other person written evidence of that permission (continued).

This certificate and the supporting data which is the basis for approval shall remain in effect until surrendered, suspended, revoked or a termination date is otherwise established by the Administrator of the Federal Aviation Administration.
